

# Regarde ailleurs

Helping children around the world to see further...

**Regarde ailleurs is a Registered Charity dedicated to helping children in Cape Verde to gain proper access to food and education.**

Our humanitarian projects are only possible thanks to the support of our members / donators as well as the profits made from the work of our photographer Jean-Philippe Leroy.

Our association works in two main fields :

☞ **School Aid:** books, notebooks, pencils... for school children, teaching aids for schools and funding for school transport...

☞ **Food Aid:** food and equipment for school canteens, development and support for school vegetable gardens and other sustainable solutions...

**2005:** Aid provided to 4 schools  
**2007:** Aid provided to 9 schools  
**2008:** Aid provided to 12 schools (546 pupils)  
**2009:** Aid provided to 22 schools (1600 pupils)

# Regarde ailleurs

☞ **Even a small donation** can help to change the lives of children. From just 10 euros you can equip a child with school material for one year or give him or her access to better school dinners.

☞ Due to our small size and the voluntary work of our members, the association only incurs minimum running costs: **more than 90%** of the sum goes directly to help the children of **Cape Verde**.

☞ All the aid of the association is **delivered directly by our members** - guaranteeing that nothing is wasted.

☞ As a Registered Charity, **Regarde ailleurs** is authorised to issue tax receipts allowing you to claim a tax deduction of 66% (for people who live in France).

**Don't hesitate to contact us if you require further information about us or our projects.**
